RESPONSE TO RESTRICTION REQUIREMENT

Sir:

Pursuant to the restriction requirement imposed in the Official Action dated January 17, 2006, Applicant elects the claims of Group I, i.e., Claims 1-6 and 12-22, for continued prosecution herein.

CERTIFICATE OF MAILING UNDER 37 C.F.R. §1.8(a)

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Mail Stop Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on February 10, 2006.

Dated: February 10, 2006

Thomas Spinelli

Claims 1-22 are present in the above-captioned application and have been subjected to restriction under 35 U.S.C. § 121. Specifically, the Official Action avers that the following inventions are present in the claims:

Group I, Claims 1-6 and 12-22, drawn to a method and apparatus, classified in class 348, subclass 69;

Group II, Claim 7, drawn to a method, classified in class 348, subclass 70; and

Group III, Claims 8-11, drawn to a method, classified in class 600, subclass 180.

It is the Examiner's position that the inventions listed as Groups I, II, and III are distinct from each other.

In response to the Examiner's requirement for restriction, Applicant elects to prosecute the subject matter of Group I, Claims 1-6 and 12-22. However, Applicant reserves the right under 35 U.S.C. § 121 to file one or more divisional applications directed to the non-elected subject matter in this application.

In view of the foregoing, an examination on the merits of the elected claims, at an early date, is earnestly solicited.

Respectfully submitted,

Thomas Spinelli
